NOTICE FOR THE OWNERS ON SEPARATE WASTE COLLECTION

We are writing to inform you that the bins located at the waste disposal areas in the roads/streets of the island will be collected for maintenance.

Please be advised that, from **November 9, 2026**, to **March 22, 2027**, we will provide a **door-to-door waste collection service** according to the following arrangements:

- ORGANIC WASTE

Waste must be placed in the organic waste bin in closed compostable bags and must be positioned in front of the owner's house/gate the evening before the collection day, no later than 8.00 am.

WHAT DOES ORGANIC WASTE INCLUDE?

It includes scrapped fruit and vegetables (including woody parts and nuts); meat and fish left-overs, and eggs (including fish bones, egg shells, and small bones); coffee, tea and herb tea grounds; cooked or uncooked food left-overs (e.g. pasta, rice, cheese and similar food); paper tissues.

Anyone who has not collected it yet please be reminded that the required 5 litre bins are available at the Centro Servizi Isola during the opening time of the office; a suitable identity document is required for bin collection.

- GLASS, PLASTICS AND CANS

Waste must be placed in the supplied transparent or semi-transparent plastic bags in front of the owner's house/gate the evening before the collection day, no later than 8.00 am.

WHAT DOES GLASS, PLASTIC AND CAN WASTE INCLUDE?

It includes glass containers, glass bottles, glass jars, glass pots, plastic soft drink bottles, plastic bottles (e.g. washing products, detergents, shampoo, etc.), plastic bags of any size; metal trays, cans, tubes and jars, disposable plastic plates and cups, small metal objects.

An initial set of bags can be collected from the Centro Servizi Isola or the Segreteria di Comunità office.

- DRY NON-RECYCLABLE WASTE

Waste must be placed in the supplied transparent or semi-transparent plastic bags in front of the owner's house/gate the evening before the collection day, no later than 8.00 am.

WHAT DOES DRY NON-RECYCLABLE WASTE INCLUDE?

It includes rubber and plastic toys, carbon paper, wax paper or adhesive paper, nylon tights, disposable razors, cosmetics, diapers, nappies, menstrual pads, broken vase and ceramic pieces, conventional and halogen bulbs.

An initial set of bags can be collected from the Centro Servizi Isola or the Segreteria di Comunità office.

- GREEN WASTE

Mowed grass must be filled in the supplied bags and branches bundled, and then placed in front of the owner's house/gate the evening before the collection day, no later than 8 am.

WHAT DOES GREEN WASTE INCLUDE?

It includes trimming and scraps resulting from green area maintenance, e.g. branches and mowed grass.

An initial set of bags can be collected from the Centro Servizi Isola or the Segreteria di Comunità office.

CALENDAR OF WASTE COLLECTION DAYS

	Monday	Tuesday	Wednesday	Thursday	Friday
ORGANIC WASTE	X				X
GLASS, PLASTIC AND CAN WASTE				X	
DRY NON-RECYCLABLE WASTE			X		
GREEN WASTE		X			

In the event of a public holiday, collection will take place on the next working day.
